 # For BBA students, in the case that the same course being offered in the Major and in College Electives, the credit units earned will count only once, for fulfilling the Major requirement, then for fulfilling the College requirement. Students have to take another College elective course to make up for the freed credit units. Students are responsible for ensuring the College and Major requirements are fulfilled to obtain graduation qualification.

For Normative 4-year students declaring BBA double major, 9 credits of College Elective will be exempted.

Normative 4-year degree students admitted from 2022/23 onwards are required to fulfill the internship/ consultancy project/ research project requirement. Students may fulfill this requirement by taking approved course from college elective or major core/elective but preference shall be given to the major course as it is more directly relevant to students' chosen major(s).

Students enrolled in double degree programmes with other schools/colleges, or joint bachelor's degree programmes with overseas universities are not required to fulfill this internship/ consultancy project/ research project requirement, unless otherwise required by the major programme.

Additional Information

Students are required to complete two mandatory student exchanges in two of the three regions of the world (Europe/Americas/Asia Pacific) outside of Hong Kong. This is a graduation requirement. Normally, the first exchange will take place in Year 3 (BBAU4)/ Year 2 (BBAU3) Semester A; the second exchange will take place in Year 3 (BBAU4)/ Year 2 (BBAU3) Semester B. Variations to this pattern will be handled on an exceptional basis by the Major Leader. In order to participate in an exchange, students must achieve, by the end of Year 2 (BBAU4)/ Year 1 (BBAU3) Semester A, a minimum CGPA of 2.5 (for institutional-level exchange applicants). But, for college-level exchange applicants, they are required to achieve a good academic track record with a minimum CGPA of 2.8. Students who fail to achieve the minimum exchange application requirements in terms of the minimum CGPA of 2.5, they will either have to defer their graduation (i.e. until such time as their CGPA reaches the minimum requirements and they are qualified to undertake the two exchanges) or will have to switch to a different major where there are no exchange requirements. Students who apply to transfer to the GBSM major will be subject to the above-mentioned requirements as indicated in this document.
